

Northeastern IPM Center 2022 Partnerships Program RFA Webinar

Wednesday October 6th at 11:00am

Jana Hexter, Grants & Partnership Coordinator
David Lane, Evaluation Specialist

United States
Department of
Agriculture

National Institute
of Food and
Agriculture

We Welcome Your Questions

- * Please submit a question **at any time** using the Q&A feature to your right at any time
- * If you'd like to ask a question anonymously, please indicate that at the beginning of your query.

Overview

- * RFA is available that includes 3 types of grants
 - * Applied Research
 - * IPM Working Group
 - * Communications

- * PMSP/PMP RFA

- * Deadline: **Thursday November 11, 2021 at 5:00 p.m.**

Which Partnership Type Applies to My Project?

IPM Applied Research

Identifies gap in knowledge that prevents IPM adoption

Designs experiment(s) to build knowledge

Presents/publishes results, including to extension/outreach colleagues/community

Results in new knowledge or practices that improve efficacy of IPM

IPM Working Groups

Identifies and convenes stakeholders around defined topic

Identifies gaps in knowledge, adoption of practices, or communication

Develops plan for addressing gaps (for example: white paper, proposal, conference)

Results in new or enhanced efforts to advance adoption of IPM

IPM Communications

Identifies an audience(s) that lack knowledge of IPM

Synthesizes knowledge and research results

Disseminates information by methods appropriate to identified audiences

Educates

Results in changes in behavior or conditions, specifically adoption of IPM

Pest Management Strategic Plan (PMSP) or Production/Management Profile (PMP)

Proposals must develop a Pest Management Strategic Plan (PMSP) or Production/Management Profile (PMP) for a crop, livestock enterprise, pet, forestry, aquatic system, turf/playing fields/golf courses/park, medical practice, schools/buildings or other pest management application that is significant to the Northeast.

Proposals to develop PMSPs or PMPs for crops, livestock, forestry, or other systems that do not have a plan or to update outdated PMSPs or PMPs (more than five years old) are encouraged.

Pest Management Strategic Plan (PMSP) or Production/Management Profile (PMP)

The Center is particularly interested in PMP/PMSP proposals for

- a) low-bush/wild blueberries
- b) greenhouse food crops—including fruiting vegetables, greens, hydroponic production, etc.
- c) hemp
- d) Integrated Vegetation Management (IVM), such as rights-of-way

Changes for 2022

- * Release of PMSP/PMP RFA
- * 12 month projects
- * Lower funding amount to account for 12 month timeline
- * Evaluation

Evaluation

- * Improve your chances of receiving IPM funding by carefully describing:
 1. Your evaluation plan objectives, indicators, and methods.
 2. How the evaluation objectives meet the IPM Road Map goals.
- * ***Ultimately, we strive to measure changes in behaviors and conditions that increase IPM implementation.***

Find a Colleague

- * To post a profile about yourself and your work:

<http://neipmc.org/go/APra>

- * “Find a Colleague” site

<http://neipmc.org/go/colleagues>

Question & Answers

- * Please use the Questions & Answer feature (you may have to scroll your mouse over the screen for the option to appear)

Archive of Today's Webinar

- * Today's Webinar will be available to view **on demand** in a few business days.

<http://neipmc.org/go/rfawebinar2022>

- * You can watch as often as you like.

Acknowledgements

This presentation was funded in part by the Northeastern IPM Center through Grant #2018-70006-28882 from the National Institute of Food and Agriculture, Crop Protection and Pest Management, Regional Coordination Program.
